

Week beginning 25.4.22

Vision and Values

- A tiny light, a tiny prayer
- For God's blessing everywhere

...walk in love, just as
Christ also loves us ...

Where does it come from?

It's a quote from the Bible, it comes from a book in the New Testament called Ephesians. Most of this book is made up of letters that Paul wrote to encourage people in Ephesus (a city in Ancient Greece) to become good Christians.

Who decided it would be good for our school vision?

Some of you may remember that months before the pandemic even began I had meetings with people from the local churches about choosing a new vision that was right for our school. We thought really hard about what was special about our school and decided that it was something to do with the way we all work together to help each other become better people. We really liked the idea that we walk together whilst we're at school. We also wanted to find a story that linked to the vision.

How long have we had it?

We were all ready to launch it in school after Easter in 2020 but then the pandemic happened! We started using it and learning about it properly at when most of you came back to school at the beginning of the school year in 2021.

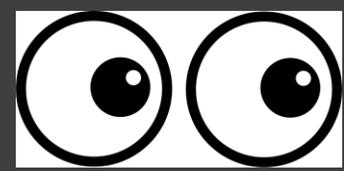

What does it mean in school?

How have
you 'walked
in love' so
far?

- Have you helped somebody?
- Have you stood by someone when they needed you?
- Have you forgiven someone?
- Have you got help for somebody from an adult because you knew it was the right thing to do?
- Have you done something out of your comfort zone to raise money for others?
- Have you smiled at anyone?
- Have you encouraged somebody?

Dear God

We bring to you our school and all the people that belong to it, the children, the staff, the families, the governors and our community. Thank you that this school is a place of love, learning and fun. Thank you for the way you showed us how to walk in love in our journey just like your Son did. Help us to ensure we walk in love everyday

Amen

Sending prayer

Go in peace ...

Go in joy ...

Go in love ...

Amen
